EDUCATION

2014-present : Haute Ecole Provinciale Hainaut Condorcet (HEPH) – IT bachelor
2004-2012 : Gosselies Providence Humanités (GPH) - Audio-visual orientation

PROFESSIONAL EXPERIENCES

TRAINEE - MICROSOFT INNOVATION CENTER (02/01/17 TO 05/12/17)
With a colleague, we created an **ASP MVC 5** and **JavaScript** website in order to handle neural problem networks. It was very challenging but it was incredibly interesting. We used the Vis Js **JavaScript** library to manage networks. **SCRUM** and **Azure** was also used. It was very helpful to maximize our value.

STUDENT - EXPRESS DESK (SUMMER 2016)
IT was a two-month-summer-job. The aim was to develop a group management software. After that, I've developed a kind of query builder in **ASP**. The aim was to ease people from a company to facilitate the way they analyse their outcomes without any knowledge in **SQL**.

STUDENT - SPORTSWEAR SELLER (SUMMER 2016)
This experience allows me to meet persons and to **improve my soft skills**. Indeed, I have done this job in order to work in team and to **share my knowledge** about sport. This is an important thing to me.

COMPUTER SKILLS

Software	Language
- Access	- AJAX
